

Mixtures & Solutions

Combined, but not changed

1 Mixture

Two or more materials mixed together, but each keeps its own properties.

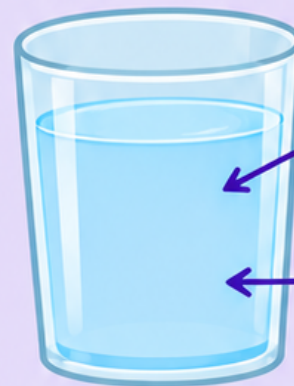

Trail mix

Can be separated by physical methods.

2 Solution

A mixture that looks the same throughout, with the solute dissolved in the solvent.

Solvent:
water

Solute:
dissolved salt
(not visible)

Salt water

Looks the same throughout (no visible parts).

Ways to Separate a Mixture

Sieve
(different sizes)

Filter
(solid from liquid)

Magnet
(magnetic materials)

Evaporation
(liquid from solid)

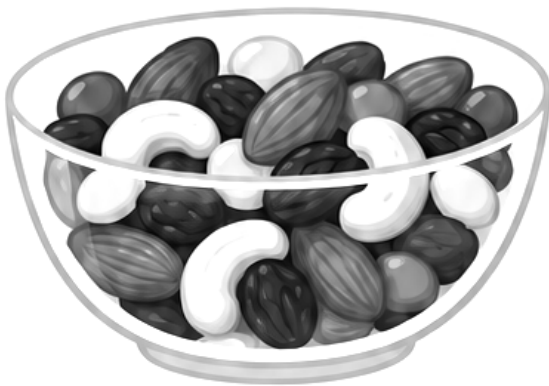

In a mixture, each material keeps its own properties.
