

Measures of Center & Spread

Mean • Median • Mode • Range

Our data set:

3

5

5

8

9

1 Mean

average: add, then divide
by how many

$$\frac{3 + 5 + 5 + 8 + 9}{5} = 6$$

Mean = 6

2 Median

middle when ordered

3

5

5

8

9

Median = 5

3 Mode

most often

3

5

5

8

9

Mode = 5

4 Range

highest – lowest

$$9 - 3 = 6$$

Range = 6

Order the numbers first — it makes median and range easy.
