

Multiplication

Equal groups & arrays

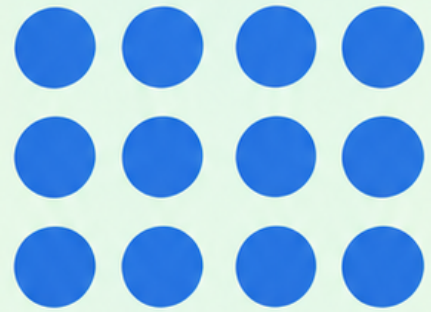

1 Equal Groups

$$3 \times 4 = 12$$

3 groups of 4

2 Array

$$3 \times 4 = 12$$

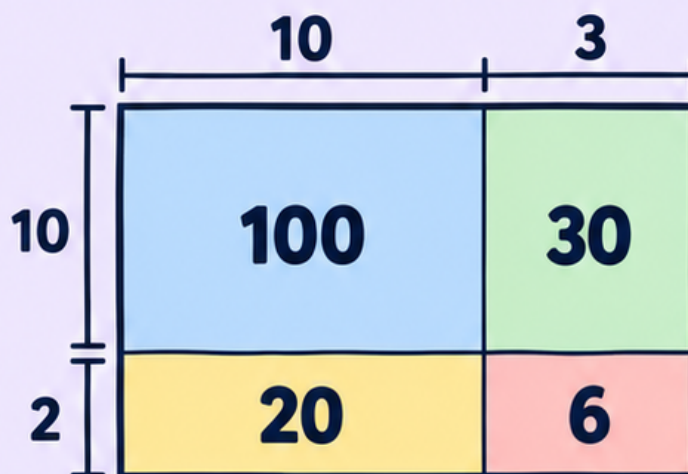

3 rows of 4

3 Area Model (Two-Digit Multiplication)

$$12 \times 13$$

$$12 = 10 + 2$$

$$13 = 10 + 3$$

$$\begin{aligned} 100 + 30 \\ + 20 + 6 \\ = 156 \end{aligned}$$

$$12 \times 13 = 156$$

Multiplication is repeated equal groups.
