

Organisms and Environments Printables

- Five colorful cue cards for grades 6–8.

1 Plant and Animal Cells

Cells are the basic units of life. Plant and animal cells share parts and have some unique features.

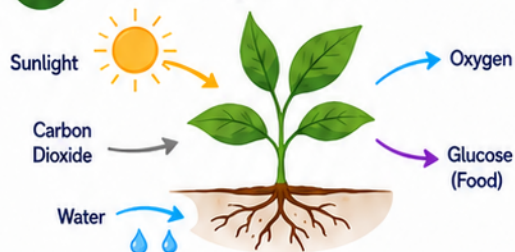

2 Cell Structures

M W N R C M C V

Remember key cell parts with the mnemonic.

3 Photosynthesis

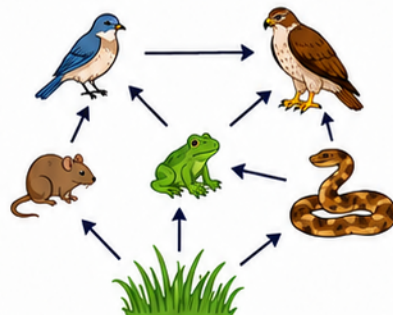

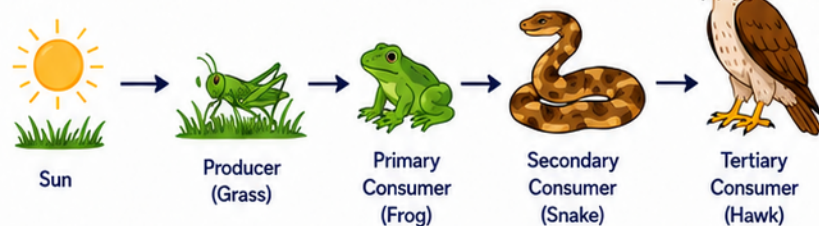

Plants use sunlight, water, and carbon dioxide to make glucose and release oxygen.

4 Ecological Succession

Communities change over time, moving from bare ground to a stable, mature ecosystem.

5 Food Chains and Webs

Energy flows through living things. Food webs show how many food chains connect.
