

POTENTIAL AND KINETIC ENERGY

Stored energy and energy of motion.

POTENTIAL ENERGY

Stored because of position or condition.

KINETIC ENERGY

Energy an object has because it is moving.

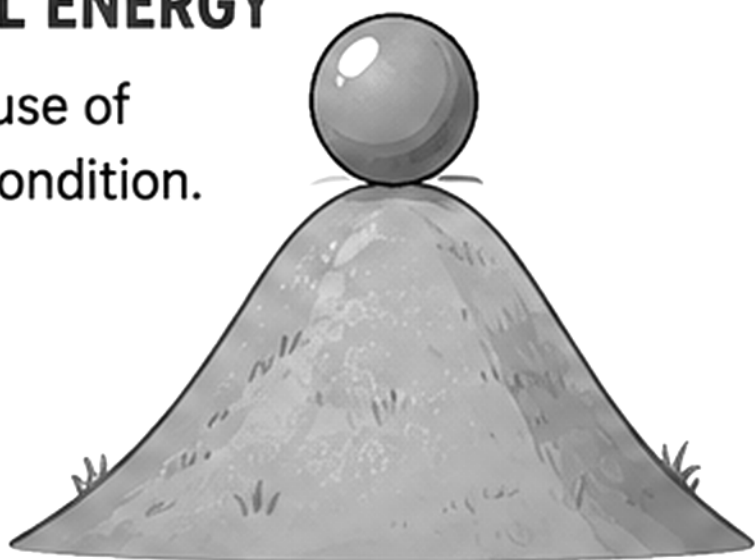

Higher position = more gravitational potential energy.

POTENTIAL AND KINETIC ENERGY

Stored energy and energy of motion.

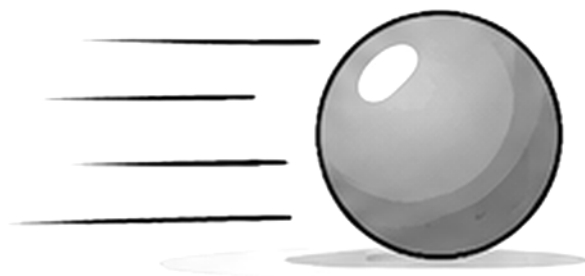

POTENTIAL ENERGY

Stored because of position or condition.

KINETIC ENERGY

Energy an object has because it is moving.

**Higher position = more
gravitational potential energy.**
